Overall

Contribution P90 to scoring/preventing goals as Centre forward

Comparing with players who played more than 450 minutes as Centre forward

- Mainly played this season as **Centre forward**
- High performance on **Pass in or around the box, Dribble past opponent, Cut inside**
- Low performance on **Early cross, Clearance, Recovery own third**
- **Note:** Performance chart based on fewer than 900 minutes! The chart becomes more reliable for an increasing number of minutes played and typically stabilises after reaching 900 playing minutes.
